3rd Party Discount Program Waiver- Start Hearing/Tru Hearing

I understand or have been made aware that my insurance offers a discount hearing aid program through Start Hearing or Tru Hearing. Waiver of Liability/Advance Beneficiary Notice for Hearing Aid Upgrades

As a courtesy, BHSC checks insurance benefits for appointments and services, however this is not a guarantee of payment, payment amount, or coverage.

- I am aware that my insurance may offer a finite benefit for the cost of a hearing aid. I am purchasing a hearing aid that may incur a cost above the allowable amount that my insurance will cover or above the amount my insurance deems "reasonable and customary".
- I understand that the cost differential I am responsible for beyond the "allowable amount" or the amount deemed "reasonable and customary" is up to the full charges for the hearing aid as indicated in section II of the Fitting, Orientation, and Purchase Agreement.
- I accept full financial responsibility for all non-covered and/or non-allowable/above reasonable and customary that are patient responsibility.
- For hearing aids or other equipment charges (including any that insurance has authorized and subsequently will not pay for any reason), that are considered an upgrade beyond the insurance "allowable" coverage or that insurance considers above the "usual and customary" expense or coverage, I agree to accept full financial responsibility for such charges. I understand that I may receive an Explanation of Benefits (EOB) from my insurance that says that I do not owe additional charges beyond the "allowable" amount, however, by signing this waiver, I am agreeing to pay the balance owed above the "allowable" amount, regardless of tan EOB that may show this amount above the "allowable" as a provider contractual (provider responsibility).
